This paper examines the role of institutional quality in the relationship between debt and growth in the West African Economic and Monetary Union (WAEMU) over the period 1980-2019. We used a combination of models. The model of Hansen (1999) and the models of Brambor et al., (2006) and that of Esarey & Sumner (2018). The results of the direct relationship between debt and growth indicate a debt ...
