ANATOMY & PHYSIOLOGY

Anatomy and Physiology is an event which tests students' knowledge about the anatomy and physiology of a human body. Division B and Division C will both typically concentrate on three systems, which change each year. Topics may include diseases in those systems as well as the general anatomy and function of each system from the cellular to the holistic scale.

I'm doing science olympiad for the first time and I don't really know what I can put in my binders for any of these events especially dynamic planet. If you guys have any advice or resources for any of these three events please comment.

Science Olympiad - reddit

Ornithology is an event for the 2021 season concerning the science and study of birds. The competition includes both identification of birds and questions about bird characteristics (anatomy, diet, range, etc). Any of the species on the Official Bird List may be tested on during the competition. However, some states may use a modified bird list.
